

WOODHILL STATE SCHOOL

YR 1-6 ENROLMENT PACKAGE

TOGETHER WE CARE. GROW AND LEARN

Together we care, grow and learn

Enrolment Application Requirements

The State Education Act states that a child may be enrolled in a State School, once a child has attained the age of five by June 30 in Prep.

Woodhill State School recognises as its prime obligation, the provision of access to an appropriate service for students whose principal place of residence is within the school's catchment area. Because of the enrolment capacity and growth Woodhill State School may be unable to meet this obligation in the future, unless action is taken now to manage enrolments.

The Principal must restrict enrolment of out-of-catchment students to ensure in-catchment students can enrol at their local state school, without requiring additional facilities.

To enrol you must reside within our catchment area which can be found at <https://www.qgso.qld.gov.au/maps/edmap/>

Enrolment of students from outside the local catchment area is restricted to ensure that the total current and forecast enrolments do not exceed the Student Enrolment Capacity.

This school can only enroll out-of-catchment students:

- I. if there is sufficient spare capacity after reserving places for students who move into the catchment during the year; and
- II. After considering the school's projected future enrolment growth.

Out-of-catchment students applying for enrolment at this school are placed on a waiting list and assessed in order of receipt.

All new enrolments will require an Enrolment Interview with the Principal or delegate so please contact the office to arrange a suitable time.

APPLICATIONS WILL ONLY BE PROCESSED WITH THE FOLLOWING SUPPORTING DOCUMENTS

Proof of residency
Birth Certificate or Passport
Latest School report card
Any legal/court/family orders
Action Plans for any medical conditions

To demonstrate the students principal place of residence, parents/legal guardians must provide current proof of residency with the parent's name and address on the associated documents.

Students living with a relative/other person within the catchment must provide a sworn statutory declaration from the person/s the student will be residing with in the catchment.

The principal may also request additional pieces of proof of residency and interviews with all parties to discuss the living arrangements.

Application to enrol in a Queensland state school

This sheet contains information on how to complete the Application for student enrolment form (SEF-1 Version 8).

Entitlement to enrolment

Under the *Education (General Provisions) Act 2006 (Qld)* a state school must enrol a prospective student if they are entitled to enrolment. While not exhaustive, the following matters may affect a prospective student's entitlement to enrol in a state school:

- if the school has a School Enrolment Management Plan or an Enrolment Eligibility Plan (enrolment is subject to eligibility under the plan)
- the applicant is a prospective mature age student (the applicant can only apply for enrolment at a mature age state school and will be subject to a satisfactory criminal history check, or as a student in a program of distance education. All prospective mature age students must have a remaining allocation of state education.)
- the prospective student is not of correct age for enrolment (relates to Preparatory Year and Years 1 to 6)
- the prospective student has been excluded, or is subject to suspension from a state school at the time of the application
- the school principal reasonably believes that the prospective student presents an unacceptable risk to the safety or wellbeing of members of the school community (application is referred to the Director-General)
- the school is a state special school and the prospective student does not meet the criteria for enrolment in a special school
- the proposed enrolment requires approval as part of a flexible arrangement under s.183 of the *Education (General Provisions) Act 2006 (Qld)*, and the arrangement has not yet been approved
- the prospective student is not an Australian resident or citizen or the child of an Australian permanent resident or citizen (visa restrictions may apply, fees may be charged, in some cases legislation requires that the prospective student must obtain approval from the Chief Executive via Education Queensland International (EQI) to enrol)
- the school does not offer the year level that the prospective student should be enrolled in
- the prospective student has no remaining semester allocation of state education. Enrolment cannot proceed until additional semesters are applied for by the prospective student (or parent on their behalf) and granted.

Prospective student

A prospective student is a person who has applied to enrol at a state school but who has not yet been accepted for enrolment.

Parent's occupation and education

All parents across Australia, no matter which school their child attends, are asked to provide information about family background (answering this question is optional). The main purpose of collecting this information is to promote an education system which is fair for all Australian students regardless of their background.

Court Orders

Any court orders concerning the prospective student's welfare, safety or parenting arrangements should be provided to the school, and the school should also be provided with any new or updated orders.

Name on enrolment form

A prospective student should be enrolled under their legal name as per their birth certificate. There is provision to also record a preferred family and/or given name. The preferred name will be used on internal school documents such as class rolls. The legal name will appear on semester reports unless there is a specific request to use the preferred name only. This request can come from parents/carers or the student (if the student is independent/mature age).

Gender

Information about gender is supplied to the Federal Government to comply with State funding agreements. The gender category with which a person identifies may not match the sex they were assigned at birth. There is no requirement for a student's gender recorded on this form to align with the sex shown on their birth certificate or passport.

Religious Instruction

Religious instruction is a program approved and provided by a religious denomination or religious society. Other instruction relates to part of a subject area that has been covered within the curriculum and may include, but is not limited to, personal research and/or assignments, revision of class work, and wider reading. Information about religious instruction available at the school, and about other instruction, is provided by the school at the time of enrolment and on the school's website.

Introduction to the State School Consent Form (attached) for Woodhill State School

This letter is to inform you about how we will use your child's personal information and student materials. It outlines:

- what information we record
- how we will use student materials created during your child's enrolment.

Examples of personal information which may be used and disclosed (subject to consent) include part of a person's name, image/photograph, voice/video recording or year level.

Your child's student materials:

- are created by your child whether as an individual or part of a team
- may identify each person who contributed to the creation
- may represent Indigenous knowledge or culture.

Purpose of the consent

It is the school's usual practice to take photographs or record images of students and occasionally to publish limited personal information and student materials for the purpose of celebrating student achievement and promoting the school and more broadly celebrating Queensland education.

To achieve this, the school may use newsletters, its website, traditional media, social media or other new media as listed in the 'Media Sources' section below.

The State School Consent Form may, at your discretion, provide consent for personal information and a licence for the student materials to be published online or in other public forums. It also allows your child's personal information and student materials to be presented in part or alongside other students' achievements.

The school needs to receive consent in writing before it uses or discloses your child's personal information or student materials in a public forum. The attached form is a record of the consent provided.

It should be noted that in some instances the school may be required by the *Education (General Provisions) Act 2006* (Qld) or by law to record, use or disclose the student's personal information or materials without consent (e.g. assessment of student materials does not require further consent).

Voluntary

There will not be any negative repercussions for not completing the State School Consent Form or for giving limited consent. All students will continue to receive their education regardless of whether consent is given or not.

Consent may be limited or withdrawn at any time by you.

If you wish to limit or withdraw consent please notify the school in writing (by email or letter). The school will confirm the receipt of your request via email if you provide an email address.

If in doubt, the school may treat a notice to limit consent as a comprehensive withdrawal of consent until the limit is clarified to the school's satisfaction.

Due to the nature of the internet and social media (which distributes and copies information), it may not be possible for all copies of information (including images of student materials) once published by consent, to be deleted or restricted from use.

The school may take down content that is under its direct control, however, published information and materials cannot be deleted and the school is under no obligation to communicate changes to consent with other entities/ third parties.

Media sources used

Following is a list of online and social media websites and traditional media sources where the school may publish your child's personal information or student materials subject to your consent.

- School website: <https://woodhillss.eq.edu.au/>
- Facebook: <https://www.facebook.com/profile.php?id=61563585658431>
- YouTube:
- Instagram:
- Twitter:
- LinkedIn:
- Other:
- Local newspaper
- School newsletter
- Traditional and online media, printed materials, digital platforms' promotional materials, presentations and displays.

The State School Consent Form does not extend to P&C run social media accounts or activities, or external organisations.

Duration

The consent applies for the period of enrolment or another period as stated in the State School Consent Form, or until you decide to limit or withdraw your consent.

During the school year there may be circumstances where the school or Department of Education may seek additional consent.

Refund Guidelines

Under the [Education \(General Provisions\) Act 2006](#) state schools can charge fees for some services to enhance students' educational experiences. A school fee for each service is calculated on a cost recovery only basis. Please refer to the [User Charging](#) procedure for details of the types of fees.

We are committed to providing a safe and supportive learning environment for students, staff and volunteers

School incursions, excursions and camps enhance a student's learning by providing opportunities for the student to participate in activities, both curriculum-related and recreational, outside the normal school routine.

All planned school excursions are approved by the Principal and endorsed by the Parents and Citizens Association.

State schools are able to charge a fee for:

- An educational service including materials and consumables not defined as instruction, administration and facilities for the education of the student;
- An education service purchased from a provider other than the school where the provider charges the school;
- A specialised educational program, and
- A school fee is directed to the purpose for which it is charged. School fees for extra-curricular activities are calculated on a cost recovery only basis, according to the number of students who have indicated their attendance.

Participation of students in an extra-curricular activity is indicated through payment of the fee and provision of a consent form completed by the parent.

As the school budget cannot meet any shortfalls in funding for an extra-curricular activity due to the subsequent non participation of a student who had previously indicated attendance of the activity, fees already paid for an extra-curricular activity may be refunded in full or in part or not at all, having regard to the associated expenses incurred and the circumstances of the non-participation.

If a parent wishes to apply for a refund due to their child's non-participation in an extra-curricular activity, they may do so by completing a Request for Refund form available from our school website or by contacting the administration team.

Where possible, the request should include the receipt relating to the payment for which a refund is being sought. It is preferred that refunds be made as a credit against the student's account at the school, and used to offset any future charges.
